2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The Valley home Joint School District is a small, rural, progressive K-8 school district serving students and parents in a 50 square mile area in the California Central Valley at the base of the Sierra foothills. Valley Home has two school sites; one that serves students in grade kindergarten through third grade and the other which serves students in grades fourth through eighth grade. The enrollment average hovers around 170 students and draws from a diverse range of socio-economic backgrounds. There is a strong emphasis on academics, citizenship, health while setting & achieving positive personal goals. The school enjoys a very stable community with values that supports our many student programs.

A Valley Home School graduate will possess a sense of dignity and self-respect in having acquired the skills necessary to succeed academically, thrive socially, appreciate individual differences and cultural diversity, solve problems with confidence, analyze information and/or situations, promote citizenship and patriotism, demonstrate a commitment to family and community, accept responsibility, demonstrate self-discipline, adopt a healthy lifestyle, and develop an intrinsic motivation to succeed.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all school are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School construction. The results of this survey are included within this report. All of our buildings inspections are considered in good repair. This includes systems: gas leaks, mechanical/HVAC and sewer. Interior and exterior overall cleanliness is also good. The electrical, fire safety, school grounds are all in good repair.

The most recent major improvements happened during the summer of 2018 and include roof repair, interior & exterior painting, portable building restoration, new flooring, & playground surfaces refurbished. Sprinkler systems were also upgraded. The district currently has 8 classrooms, the gym, library and an administration office. The elementary campus was built in the 1940s and the 4-8 campus was built in the 1970's. District staff ensures that the repairs necessary to keep the school in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	27	30	27	30	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Valley Home is committed to encouraging parental involvement. Numerous opportunities to participate are available including the Parent/Teachers' Club, School Site Council, English Learner Advisory Committee, District Committees, parent conferences, Back-to-School Night, classroom volunteers, field trip chaperones, athletic event coaches & referees, 8th grade events planning, honor roll celebrations, and attendance at School Board meetings. Though participation looks different this year due to the COVID-19 pandemic, we are actively exploring ways for parents to stay involved and connected.

2023-24 School Safety Plan

Valley Home is focused on providing a positive, safe and secure learning environment for students, staff, parents and community. We have a comprehensive committee comprised of certificated teachers, parents, classified staff and administration. The plan addresses safety concerns identified through the committee. The sites comprehensive Safe School Plan addresses clear routine emergency disaster procedures and information. The plan supports a learning environment that allows staff to effectively teach and students to actively learn. For the current school year, the plan was presented to the school board for approval in November of 2020. The plan is annually reviewed and updated.

Professional Development

Based on student achievement data, the staff determined that the top priority for professional development was needed in the area of English Language Arts with complimentary English Language Development instruction. In 2017-18 the professional development focus was on the implementation of the new reading/ELA series. In 2018-19 the focus of professional development was on English Language development. In 2018-19, on-site professional development focused on writing and components of the Multi-Tiered Systems of Support. For 2020-21, professional learning will focus on instructional decision making and the formative assessment process. Stanislaus County Office of Education (Curriculum Dept.) staff and the school principal will lead the professional learning. During the 2020-21 school year, one teacher will received additional professional development and support through the county's Induction program with one of our master teachers providing the supervision.
